Dearest lovers, supporters, investors, sympathizers & fans.

I am VERY excited 2 b traveling once again to our Holyland for part of the summer as the "Scholar-in-Residence" @ the 'Ascent Institute' in the Holy city (there R 4 holy cities in Israel ,) of ***Tzfat!*** (spelled Safed in English)

ASCENT is one of TWO Youth Centers in the whole city. Dozens of 18 to 28 yr olds seek residence there daily, during the season. Its a **nice** place, but overpriced.

HOWEVER, for every one of my classes U go to, they give U a rebate .So if U go to a few of my deep-mystical-insightful (I'm very **"on"** in my Homeland!) classes---U

can stay for free.

Israel is so moving for Jews w/ **NO** Jewish background, tht they want 2 compare their "**unusual**" experiences, which R of a very "spiritual/religious/mystical/kabalistical" nature (which is something they R **not** familiar w/). This little town (In Israel---its a **big** CITY of 23,000 ppl) is well knowr for 2 things.

(Tel-Aviv is, (for a large part,) a cheap imitation of America.)

The amazing "**Artist's Colony**" of Safed.

And # 2 , the Birthplace/Headquarters of The "**KABALA**", (AKA , in English, **Jewish Mysticism**) . **This is where Kabbalist Rabbi Yitzchak Ginsburgh nurtures his soul and many others as well.**

The city is divided in half. One half of it is new (the last 20 yrs) , comprising high rise apartment bldngs ; & half is "**The Old City** " ; which is almost 200 yrs OLDER than America , complete w/ awesome 400 yr old narrow cobblestone streets (alleys ?).

Those world famous historic Kabalists walked these same streets , prayed in the synagogues, tht R still in operation, tht R named after them,(tht I pray in 3 times a day) . And they R buried in the ancient universally visited cemetery on the edge of the city. Their graves R called "**The Holy Places** "

If U concentrate only for the next 120 seconds on my upcoming lecture -

"The Brief History of Kabala"

U wont B sorry AND U'll get the whole picture.

The Kabalists said tht if U pray 4 someone @ the grave of a Saint/Kabalist on their "Yortzeit", they intercede in their behalf & R granted grt blessings etc.

So, if Y'all will [email me](#) the Hebrew/Yiddish name of the person U want mentioned for salvation (from sickness etc.), And their Mother's Hebrew/Yiddish name ;or requests for blessings 4 --- whatever , I'll do it.

It is quite fascinating 2 C ppl change some of their ideas (& sometimes

their ways of thinking) in a few days, in the **vortex of energy**, tht is the beautiful mountain top Holy city of Tzfat.
